

Dear Mr. Mike Hagan,

I am deeply grateful for your support in producing the commemorative video to mark our 20th anniversary ceremony.

The ceremony, held in July 2025 on a grand scale, featured speeches by those involved in founding Audax Japan, as well as by the first Japanese participants in PBP back in 2003.

As you know, Audax Japan was founded by members who had participated in the BC Randonneurs 600km in 2001.

We fully recognize the tremendous contribution your club made to the founding of Audax Japan, and this has been shared with Japanese randonneurs. We are deeply grateful.

Our organization exists today thanks to your club, which welcomed Japanese riders back in 2001.

If any of those members are still active today, we would be very grateful if you could pass along our heartfelt thanks to them.

In sincere appreciation of your kind support and encouragement, we are delighted to enclose a commemorative gift.

We look forward to meeting you again, both in Japan and around the world!

With deepest gratitude,

Sincerely,

Hiromichi Takahashi
President, Audax Japan
